

PROPERTY COMMITTEE

Some of the projects and issues addressed by the St. Paul Property Committee from Jan-May 09 are as follows:

- Addressed heating issues by modifying the heating duct system in the church.
- Installed a coffee maker to assist with Coffee Time.
- Finished the last phase of the roofing project
- Fixed narthex windows that were damaged by vandals.
- Continue to replace incandescent and halogen light bulbs with energy-saving LED and fluorescent light bulbs
- Managed a volunteer effort to cover the sexton's duties for six weeks while he recovered from knee surgery.
- Organized a successful if not robustly attended Spring Cleanup.
- Enhanced ventilation fans in the 2nd floor west wing bathrooms

Ongoing projects include:

- Repairing the steps at the rear entrance to the narthex
- Block work around the church event sign on Orange Street
- Investigating parking lot resealing options for the west parking lot
- Compiling a master duty list for all paid and unpaid personnel
- Encouraging the St. Paul community to take a more active role in maintaining and enhancing the church property.
